

3863

Eyewash, wall mounted

Each spray head has an internal flow control and filter to remove impurities. Operated by a push plate, stay-open ball valve. The eyewash is self-draining. Delivered with collecting bowl in powder-coated stainless steel, brass valve and wall bracket in aluminum. The water supply should be designed for a minimal flow of 14 l/min at a pressure of 2,4 bar.

Mount the unit approx. 1100 mm from the floor and up to the top of the eye wash spray head.

Emergency signs are enclosed with each eyewash.
The product is also available in stainless steel: 3863-00
